The Honorable John H. Lynch
Governor, State of New Hampshire
and
The Honorable Executive Council
25 Capitol Street
Concord, NH 03301

Dear Governor Lynch and Members of the Executive Council:

I have had the honor and privilege of serving as a member of the New Hampshire Public Employee Labor Relations Board since October of 1986. My current term expires on October 1st of this year. Unfortunately, due to the expansion of my law firm's representation of public employee labor organizations, I believe this increase in conflicts would prevent me from hearing a number of Board cases, placing a great burden on both the Board and its staff to obtain a quorum to efficiently carry on its business. Thus, I am offering my resignation from the Board effective upon your acceptance.

I am proud to have been appointed to this position by four Governors, Sununu, Gregg, Shaheen and Benson and the members of this Council. I have been privileged to serve with three different chairs, Robert Craig, Edward Hazeltine and Jack Buckley as well as numerous fellow Board members who have all been dedicated and devoted to public service without fanfare. In addition, I have enjoyed working with an outstanding, hardworking staff led by the Board's Executive Director, Donald Mitchell, who strive each day to meet the needs of New Hampshire's public workers.

I would be less than honest if I did not say I will greatly miss this opportunity to serve the public over these past twenty-two years but I hope you will keep me in mind in hopes that I might serve the State in some other capacity in the future.
